

Honorable Board Members, Esteemed fellow MUN Members,

As you may have already seen, I am applying for the head of Marketing position. Having joined the club three semesters ago, and participated to regular debates, I have gained valuable experiences and friends. I also believe occupying a board position and contributing to the club will be beneficial to my future both at the HSG and after I have obtained my bachelor's degree and in my pursuit of becoming a diplomat.

I am hoping to contribute to making the club an even better experience than this year for both newbies and veterans, as well as gaining valuable experience. I would like to do this by being part of the various decision-making processes, as well as forming new connections and friendships.

“But now is not the time to ask what you can do for me, but what I can do for you” - Abraham Lincoln (probably). I already have experience planning events and connecting with sponsors and other organizations, since I have been part of the carnival band Descampados Zug in 2016 and was part of the team planning the Scampiball 2016, an event with over 1000 attendees. There I was able to prove my planning and organizing skills, which I would like to contribute to this club as well.

Furthermore, I consider myself a very sociable and reasonably responsible person, so you can rest assured that I will always be among the first to reach out, connect, and mediate both within, as well as outside the club. Since I'm working several days a week at my part-time job, I can prove that I won't crack under pressure and will be able to endure heavy workloads easily.

I would also be happy to be considered as a candidate, awaiting for your confidence.

I yield my remaining time to you.

Tim Zihlmann
