

MOTIVATION LETTER

"Honorable chairs, dear fellow delegates...",

I would like to apply for the position of Vice-President, which are open for this and next year.

This phrase "Honorable chairs, dear fellow delegates..." we all know extremely well, was also a phrase I came across not too long ago. Because I have two nationalities and am influenced by them differently, there is a constant curiosity toward newness in my life. New cultures, new languages, new wisdom. These are also excellently represented in this club and I have learned to value them incredibly.

Therefore, I would like to go one step further and actively support the club as a board member. With my team skills and responsibility towards people and the activities, I will do my utmost to support everyone with the best of my abilities.

My passion is doing the right things. Whether it's presenting ourselves in a great light or organizing the right venue to spend a great evening with people you cherish. Shaping and getting the best out of the existing resources is a challenge that I like to master. With creative mind(s) there are no hurdles we could not master.

For further questions, comments or other matters I am always at your disposal. I will be happy to help and answer the questions.

Kind and diplomatic regards,
